## **Parks and Recreation Financial Assistance Guidelines**

1. A completed application must be received for a project to be considered for financial assistance. Additional information such as photos, maps, project bids, etc. may be included to assist with the review process.
2. Maximum financial assistance is limited to 20% of total project cost not to exceed \$3,000 per approved project. (Example: 20% of \$15,000 would be \$3,000)
3. Project requests that exceed \$3,000 do not qualify for this assistance program, in this situation contact the NRD for potential assistance options.
4. The application for assistance must be approved prior to the purchase of items or the start of construction activities.
5. Applications that obtain approval will receive notice from the Lower Loup NRD, not all applications are guaranteed approval.
6. Project requests must be sponsored by a community or public organization to ensure future maintenance and care of funded projects. Failure to maintain projects may constitute the repayment of financial assistance.
7. Projects must be available for public use.
8. Projects will be required to post a provided Lower Loup NRD sign at the project location.
9. Project requests may include but are not limited to items such as (playground equipment, park fencing, park seating, park restroom, rest area equipment, lake/pond dock, boat ramp, etc.)
