Field Information

Legal Description of Field: Section(s) _____, Township _____ North, Range _____ East/West, _____ County

Type of Expedited Variance Requested (check one):

- 1) For alternative irrigation method used for public information or demonstration project
- 2) For drilling a supplemental well
 - Requires written agreement to not exceed acres irrigated before January 1, 2006
- 3) For drilling new well to supplement surface water
 - Requires written agreement that the surface water right will be maintained and that the well will only be used when the surface water has been exhausted or not available at the normal rotation or the scheduled time
 - Requires written agreement that the irrigated acres will not exceed the acres currently irrigated
- 4) For variance from the raised seal original record of irrigated acres from the County Assessor on land previously irrigated before being enrolled in to a federal, state or local government conservation program
 - Acres had to be irrigated just before being enrolled
 - Acres are not assessed as irrigated within that county
 - Acres are certified through the irrigated acres certification process following the conservation program contract termination
